EDUCATION

Bachelor of Engineering in ECE
DHANALAKSHMI SRINIVASAN COLLEGE OF ENGINEERING COIMBATURE

07/2017 - 04/2021   *CGPA-8.45*

Biology Science
GVHSS KARAKURUSSI

06/2015 - 03/2017   *92%*

SSLC
GVHSS KARAKURUSSI

04/2015   *100%*

PROJECTS

Marketing Application
- Contributed to the development of a dynamic Marketing Software application, crafting the frontend using React JS and implementing the backend functionality using Node JS. Technologies used : React Js ,Node Js ,MySqL

Recruitment Software
- This recruitment software has separate logins for candidates and recruiters. Candidates can apply for jobs by uploading their resumes. Recruiters can post job openings, view applicants, and manage resumes. It uses AI to automatically extract details from resumes. Technologies used : React Js ,Node Js ,MySqL
- https://recruit.xilligence.com

Stock Management Software
- crafted a stock management system featuring purchase order and stock transfer modules. Using React.js and Node.js, we ensure a responsive and intuitive user interface. The backend is powered by Node.js, and Amazon DynamoDB serves as the database for efficient data management and scalability Technologies used : React Js ,Node Js ,Amazon DynamoDB

TagTree Software
- TagTree is a software that lets users claim and update their location and business details on Google and Google Business Profile. It also uses AI to automatically create and optimize ads for businesses, helping them reach more customers easily.
- https://www.tagtree.in
